## Project Summary

Nationally renowned public parks, top-notch cuisine, trendy boutiques, historic locales — Tallahassee is brimming with attractions and activities.

But some students attending Florida State University, Florida A&M University and Tallahassee Community College spend four years here unaware of the world outside of campus.

Showing our students what Tallahassee has to offer is key to retaining talent, expanding our creative class and spurring the city's economic vitality.

The Experience Tallahassee Festival is a partnership between FSU, TCC and FAMU to welcome students into the community, and demonstrate that Tallahassee is a great place to live, work and play – during and after college.

The event draws thousands of students off campus into downtown Tallahassee to bridge relationships with our community.

Now in its fourth year, Experience Tallahassee 2018 will be introducing new elements to further showcase our diverse amenities and culture.

- Three mini “pre-events” at nearby Tallahassee Districts to showcase the area’s offerings.
- Live, Work and Play sections, including a career-focused area for students to network with local business owners and talk with the universities’ Career Centers.
- Performances by local arts organizations and student groups.
- “Taste of Tallahassee,” featuring a wide variety of local eats.
- Local “ambassadors” to welcome and engage with students.
